

Book Proposal Template

I: Project Overview

Provide an overview of the proposed book, which should include a brief description, review of sections and/or chapters, and an explanation of how the project is uniquely situated to address specific pedagogical needs and/or opportunities within a curricular context. In addition, it would be helpful to understand more about the tone and authorial voice you wish to adopt to connect with students and help them grasp your material.

II. About the Author

Provide a brief bio of your research and teaching experience and accomplishments.

III. Competing Texts

If possible, distinguish the proposed text from similar books used in the classroom by undergraduate students.

IV. Table of Contents

Include a list of proposed sections and/or chapters.
